NEWS RELEASE: 2010-085

FREE IMMUNIZATION CLINIC FOR WIC PARTICIPANTS

The Department of Public Health and Social Services (DPHSS) will resume the free immunization outreach clinic for children enrolled in the Women, Infant, and Children (WIC) Program. The outreach promotes the importance of vaccination and encourages parents to immunize their children in a timely manner. Clinics will be held every third Tuesday of the month beginning November 16, 2010, from 9:00am - 11:00am at the New Wing Waiting Room in the Northern Region Community Health Center. All necessary immunizations will be given except for the Varicella (chickenpox) vaccine.

Parents must bring their child's most current immunization record and their WIC ID. Children must be accompanied by a parent or legal guardian or by an adult with written parental authorization or legal documentation and valid photo ID.

For more information, please call the DPHSS Immunization Program at 735-7143.
